

Los Bomberos

September 20, 2006

Paul Waters, Executive Director
Los Angeles / Valley Pride
PO Box 4401
Valley Village, CA 91617-0401

Dear Friends:

On behalf of the Los Bomberos, we are honored to express our support for the 2006 Los Angeles / Valley Pride: Gay, Lesbian, Bisexual and Transgender Awareness Festival.

The Los Angeles City Fire Department (LAFD), and its members, whom we represent, is made up of firefighters as diverse in their backgrounds as the City we serve. Yet this “diversity” cannot be characterized as “differences,” as we are unified in our ongoing dedication to ensure that each and every member of LAFD is treated as an integral, valued and respected member of our team.

Our City is blessed with many distinct communities, far greater in number and variety than those of most countries. Our service to the City means service to all of these communities, and we welcome the opportunity to partner with each for the betterment of all.

Through mutual understanding comes mutual respect. We therefore salute Los Angeles / Valley Pride for its commitment to provide a forum whereby understanding of our City’s gay, lesbian, bisexual and transgender community has an opportunity to be nurtured, and grow.

As fellow community partners, we commend Los Angeles / Valley Pride for its dedication to serving the entire community, and wish you a successful event.

Sincerely,

Henry Olvera
Vice President
